LONDON.

COPY of the MEMORIAL preſented to the States of *HOLLAND*, by the KING of *PRUSSIA*, *March* 3, 1759.

HIGH AND MIGHTY LORDS,

UPON Reconnoitring *Europe*, every Thing I ſee occaſions the utmoſt Speculation, but nothing Surprizes me more than to ſee the inconſiſtent Part your High Mightineſſes take at this Critical Time, a Time wherein two of the moſt Powerful *Catholic* Princes in the World, are united in a Cruel War, to deſtroy the *Proteſtant Religion*, with the *Liberty of Europe*; and You appear unconcerned! After what I ſaid in my Memorial, dated *Dreſden*, *Nov.* 10, 1758, it is in vain to ſay more here: But deſire you will look and ſee how often the Houſe of *Brandenburgh* has Rik'd it's All to Save You. Can you forget the Year 1688, when Your Great Stadtholder, *WILLIAM*, went to Preſerve the *Britiſh* Liberty; when Your Fleets and Armies were in *England*, and You attacked at that Time with the whole Power of *France*; headed by an Ambitious, and moſt Enterprizing Prince! Then, You gave all over for loſt, was preparing Your Ships to leave Your Country and fly to Renewis: At that Time You came to Peace, You wasted Money for the Common Neceſſaries of the State, and none durſt Speak in Your Aſſemblies. That was the Time that my GRANDFATHER, in Defiance of every Thing dangerous and difficult, covered Your Frontiers, attacked the whole French *Army*, and once more gave You a Being!—But do not infer from any Thing I ſay, I want Your Help: No, it is to join with Your own Conſciences, in telling You, Your Conduct is Unnatural, and Ungrateful: And if the Echo of *Europe* ſounds True, You are going to Seal Your Ingratitude by forcing a War with *Britain*: But hear Me, what I ſay; I have made a Solemn Vow, and the ALMIGHTY GOD Himſelf, I have called to Witneſs, That if Your Evil Genius forces You to take ſuch a Step, I will ſacrifice all the Battles I have won, the Countries I have conquer'd, and center every Thing in one Point; and that Point ſhall be to attack You with all My Armies, and never leave You, 'till I have taken ſuch Revenge, as ſhall make *Holland* and *Dutchmen* Examples of Ingratitude to all Eternity.

HAGUE, *March* 27.

The Preamble of the Eſtimate of the Charge of the 25 Men of War, delivered to the States General by the Council of State, is in theſe Words:

High and Mighty Lords,

IF ever your High Mightineſſes took a Reſolution, that cauſed general Satisfaction to the Subjects of the State, it was certainly that of the 26th of February, by which you ordained an extraordinary Equipment of Twenty-five Ships of War and Frigates, for the effectual Protection of our Navigation and Commerce, in which, as it is the Source of our Property, every one is intereſted, &c.

According to the Eſtimate this Armament is to conſiſt of ſeven Ships of 60 Guns and 350 Men each, one of 70 and 500 Men; ten of 50 and 300 Men each; two of 40 and 250 Men; and 5 of 20 Guns and 150 Men; making in all 25 Ships, 1202 Guns, and 7300 Men. Theſe Men, after the Rate of 39 Florins per Month, will coſt 264,060 Florins per Month: And conſequently in ten Months this Armament is to coſt about, 2,649,600 Florins.

The Eſtimate was ſent the ſame Day to the reſpective Provinces, with a Letter from the States General, beginning thus;

Noble and Mighty Lords,

AS there is at preſent a Sea War between Great Britain and France, the two moſt powerful Neighbours to this State, and which is not likely to be brought ſoon to a Period; and as many of the good Subjects of this State have, during theſe Troubles, ſuffered great Loſſes, by the Seizure of their Ships, it would be inexcuſable to continue longer inactive, and forbear taking effectual Meaſures for ſending to Sea a ſufficient Number of Veſſels to protect our Commerce; wherefore, &c.

Frankfort, *March* 26. The Prince of Deux Ponts arrived Yeſterday at Nuremberg, where the Head Quarters have been transferred from Bamberg. It is ſaid alſo, that Marſhal Daun is arrived at Munchgratz.

We hear that the Pruſſians are marching with great Diligence to Geburge, and that thoſe in Silеſia are aſſembling between Neiſs and Landhut.

The Auſtrians are forming in a Body near Lobeſchutz, Toplitz, and Konigſgratz.

The Heſſians have abandoned Fritzlor with Precipitation, and there is a Body of Auſtrians within two Leagues of that Place.

Erfurt, *March* 14. We ſhall have 13 Ships of the Line and 12 Frigates ready to ſail from this Port in a Month, which are to be joined by four Ships of the Line from Port L'Orient, and ſix from Rochefort; but their Deſtination is yet a Secret.

Paris, *March* 20. The Regiment of Rouergue, of two Battalions, which was quartered in the Iſle of Oleron, is gone to reinforce the Army on the Lower Rhine.

March 21. The Army aſſembling in Flanders will conſiſt of 30,000 Men.

March 23. The Marſhal de Conflans is appointed to command the Fleet now fitting out at Breſt and Rochefort, and is to have ſeveral general Officers under him.

Feld, *April* 1. The Troops under the Command of Prince Ferdinand, came upon the Enemy's Flank by their march hither; which was executed through Roads that no Troops had ever paſſed before. Yeſterday the Hereditary Prince of Brunſwick, at the Head of two Squadrons of Pruſſian Huſſars, attacked, above Molrichſtadt, the Regiment of Hohenzollern Cuiraſſiers, and broke them entirely: A great Number of them was left upon the Spot, but no more than 55 were made Priſoners of War, the Remainder having fled to the Mountains. A Battalion of Wurtenburghers, which was abandoned by the Cavalry, became a Sacrifice to the Huſſars, who took 150 of them, and cut the reſt to Pieces.

Four Heſſian Huſſars have brought to Prince Ferdinand's Head Quarters here, two very rich Standards, which they took in the Neighbourhood of Tann, from the Regiment of Savoye, which is ſaid to have ſuffered conſiderably.

Lisbon, *Feb.* 27. On the 21ſt all the Jeſuits of the College of St. Francis de Borgo were taken into Cuſtody: Such as were not in holy Orders were impriſoned in the Caſtle of this City, and the Prieſts in the Tower of St. Julian. The Effects found in that College have already been ſold; they were very conſiderable, it being the Reſidence of the Procurators of the Tranſmarine Miſſions and Provinces. As the Court had given Aſſurances, that it would not proceed againſt the Jeſuits till it ſhould receive the Deciſions of the Apoſtolic See, it ſhould ſeem that the Miniſtry have diſcovered ſome urgent Reaſons, which obliged them to impriſon this whole Community, without waiting for that Deciſion.

The Noblemen and other Seculars, who are ſtill impriſoned or under Arreſt, will receive their Sentences this Week. It is thought that ſeveral of them will be baniſhed to our Settlements in South-America. Others will probably be confined for Life in Dungeons that are building in the Tower of St. Julian, and which are to be four Feet long, and four Feet broad, and the Walls 6 Feet in Thickneſs.

Fraustat of Hyde, *March* 26. This Country has undergone ſeveral Changes within the ſhort Space of about 9 Days paſt. The Auſtrians, who came back in a ſtrong Body to Hirſchfeld, retired from thence again the 19th, after having demanded of that Town and Diſtrict, a Contribution of 100,000 Crowns, for the Security of which Sum they carried off Hoſtages. This precipitate Retreat was chiefly occaſioned by the Approach of a large Body of Troops belonging to the Allied Army, which, with Prince Ferdinand of Brunſwick at the Head of it, is marching with great Expedition againſt the Army of the Empire; while another Corps of about 8000 Men commanded by Prince George of Heſſe-Caſſel, is marching directly to Marbourg. We have this Moment received Advice that the French Troops that were in Garriſon at the laſt mentioned Place, retired from thence two Days ago, and that they are alſo preparing to evacuate Geiſſen.

Schwerin, *March* 27. The Pruſſians, after having been here ten Days, left us the Day before Yeſterday, but before they went they took Care to ſpike up Part of the fine Artillery upon the Ramparts, and carried away the reſt. It is ſaid they are gone towards the Swediſh Pomerania.

Munſter, *March* 30. Lord Sackville, Commandant of the Engliſh Troops, is juſt arrived here from Embden.

Paris, *March* 30. Beſides the Men of War that are fitting out at Breſt, L'Orient, and Rochefort, for the Fleet of which the Marſhal de Conflans is to have the Command, great Diſpatch is uſed at Toulon, in order to fit out a powerful Squadron, which is to conſiſt of one Ship of 80 Guns, five of 74, three of 64, and two of 54, and 7 or 8 Frigates. M. de la Clue is to command this Squadron, but its Deſtination is at preſent a Secret.

Feld, *April* 5. On the 1ſt inſt. the Hereditary Prince of Brunſwick marched to Meinungen, with two Battalions of Grenadiers, and ſome Light Troops; and took Poſſeſſion of that Place, where he found a conſiderable Magazine; two Battalions of the Elector of Cologne's Troops were, upon that Occaſion, made Priſoners of War. His Serene Highneſs reached Waſungen the ſame Day, where the Battalion of Nagel, that garriſoned the Place, was likewiſe made Priſoners. Count d'Arberg, who had aſſembled ſome Auſtrian Grenadiers, with the Regiment of Hildburghauſen, was coming to the Relief of Waſungen; but tho' that Affair was decided, there paſſed however a brisk Fire between the two Parties, which laſted ſome Time. After which M. d'Arberg's Troops were obliged to retire with ſo much Precipitation, that his Highneſs's Cavalry, who were detached in Purſuit of them, had not been able to come up with them.

His Highneſs loſt only 55 Men, but it is imagined the Loſs on the Enemy's Side muſt be very conſiderable. M. d'Arberg thought proper, by the Advantage of the Night, to march to Smalcalden, from whence he is retiring by Sula.

By Advices received here Yeſterday we learn, that the Auſtrians had been driven back, and purſued beyond Sula and Schleuſingen, and are retiring in great Diſorder to Bamberg. The Prince is expected in this Neighbourhood by the 7th.

On the 2d inſt. the Duke of Holſtein diſlodged the French from Preyenſchnau, and made, upon that Occaſion, one Captain, one Lieutenant, and 56 Men Priſoners of War.

By Letters received on the 30th paſt from Dreſden, it appears, that on the 26th Gen. Knoblock had taken Poſſeſſion of Saalfeldt, after a very brisk Cannonade; and that the Auſtrians were retiring towards Culmbach: And that on the 28th General Linſtadt had driven a Body of Auſtrians from Hof, and had purſued them as far as Birck, in their Retreat to Culmbach.

LONDON, *March* 27.

It is ſaid that the State of the national Debt, as it ſtood Jan. 5, 1759, amounts to 74,776,584*l.* 8*s.* 2*d.* 3*q.* and the annual Intereſt or other Charge payable for the ſame, amounts to 2,759,844*l.* 3*s.* 5*d.*

It is said that Admiral Smith is shortly to resume the Command of the Fleet, or Squadron, in the Downs, which is also to be considerably augmented from Chatham, and the River Thames.

The last Letters from Hanover say, that Prince Ferdinand waited only for the Horses, &c. from England, to take the Field.

March 31. They write from Constantinople, by the Way of Venice, that the Grand Signior is very intent upon a thorough national Reformation. He has begun in his own Seraglio, from which every Luxury is banished, and where every Thing is conducted with the utmost Order and Œconomy. He has punished some flagitious Governors with the Bow-string, and confiscated all their Effects, to a very great Value; which however, he has declared shall go in the Abatement of Taxes. He refuses all Presents, which is looked upon as a tacit Warning to his Ministers to follow his Example; and by discouraging Idleness and Extravagance, it is amazing what a Change he has made in his Capital; where People are now so attentive to their own Business, that Tumults and popular Disturbances, formerly so frequent, are entirely at an End.

They write from Hanover, that they had lately taken a Spy that was sent from the French Head-Quarters at Frankfort: He has been twice examined by the Regency, and has made some Discoveries. The Fortifications of Hamelen are repairing with all possible Expedition. It is further said, that the Inhabitants of the remote County are prodigiously harrassed and molested by a Gang of Robbers, who come in the Night Time and Plunder the poor People of what they have, and frequently commit Murder.

Though it has been inserted in some of the News-Papers, that the Lords Commissioners of Appeals have determined the Case of the Dutch Ships taken this War, that they shall all be restored and that the Owners of those Ships that took them shall pay all the Costs; we can with Certainty assure the Public that the Information is false; That only one Appeal has been heard, which was concerning the Cargo only of the Ship Maria Theresia, and was determined by their Lordships on Thursday last, upon the particular Circumstances and Merits of that Case, and has no Relation to, or Influence upon, the Case of any other Ship or Cargo now depending.

Sentence on the Cargo of the Maria Theresia, a Dutch Vessel laden with Sugars, &c. from St. Eustatia, March 29, 1759.

PRESENT,

Lord Sandys,	Lord Lyttleton,
Earl of Cholmondeley,	Earl of Hardwicke,
Lord Mansfield,	Earl of Holderness,
Earl of Thomond,	Mr. Chancellor of the Exchequer,
Earl of Cornwallis,	Geo. Greenville, Esq;
Viscount Falmouth,	Duke of Argyle.
Mr. Vice Chamberlain,	
Lord President,	

That such Part of the Sentence be reversed as is complained of by the Appellant (being a Dutch Bottom) *the Ship being restored with Acquiescence of the Captor*, and the Cargo not being proved to be the Enemy's Property, and appearing to belong to the Subjects of the United Provinces; with Cost against the Captor, but no Damages, as the Appeal was brought so late before the Lords.

The America, another Dutch Ship, will come before the Lords of Appeal on Thursday Sev'night, which will be another very material Point, as it will determine the Fate of many more Dutch Ships.

The following Dutch Men-of War have lately been put into Commission, viz. Princess Caroline 54 Guns; Dordrecht 54, Beckoliet 44, and Orange Zaal 24 Guns.

A second Sloop has been dispatched Express to Commodore Moore in the West-Indies; and we hear some Ships of War are getting ready with all Expedition to sail for Antigua.

The Torbay Man of War is fitting out with all Expedition for Commodore Keppel.

The Lord Harry Pawlet is appointed Vice-Admiral of the white.

And Commodore Cornish a Rear-Admiral of the white.

Extract of a Letter from Lisbon, dated February 15.

"This Day the Jesuits have had all their Effects sold, even to their Beds, by which they are intirely ruined, for being concerned in the late Conspiracy."

Orders are issued for all Captains and Lieutenants to repair to their respective Ships.

All the Forces in England will be encamped next Month along the Sea-Coast; and there will be a large Encampment on the Isle of Wight.

This Week a great Number of straggling Seamen and Sea-faring Men have been secured by the Constables of Middlesex, Essex, and Surrey, by Virtue of Warrants issued to them by the Justices of the Peace of each County; they were immediately ordered on board the Men of War's Boats in the River, and the Constables had 20 Shillings allowed them for each Man.

The Warrants above-mentioned set forth, "That "it is absolutely necessary, in the present critical "Situation of Affairs, when Attempts may be "made to invade these Kingdoms, that no Time "should be lost in the immediate Equipment of his "Majesty's Fleet."

If our latest Accounts from France are to be depended upon, there is great Reason for taking the above Precautions, as the French are meditating some great Enterprize, and are actually marching a numerous Body of Forces down to their Coasts from the inferior Parts of the Kingdom.

April 3. By a private Letter, which came by the Dutch Mail from Versailles, we hear, that the King of France, in a Council held on an Appeal made to reverse the Sentence which was pronounced at the Court of Admiralty against a Spanish Ship called our Lady of Montserrat, which was bound from London to Valentia, and valued at 15,000 Pounds, taken by a Privateer belonging to Mahon, and carried into that Port some Time ago, has ordered that the said Ship and Cargo shall be discharged, without Costs, Damages or Interest from the Captors.

Letters from the Hon. Edward Hay, his Majesty's Envoy Extraordinary at the Court of Portugal, to the Rt. Hon. Mr. Secretary Pitt, dated Lisbon, March 12, mention that all was quiet there.

As the French seem inclined to pay us a Visit this Summer, it is to be hoped we shall be prepared to give them *a proper* Reception; and if we have any Notion of Politeness, we shall surely return the Compliment.

It is said Orders are sent to Admiral Coates, to join his Squadron with that of Commodore Moore's, in order to act with more Vigour against the French Islands in America.

It is again reported, that a Squadron will this Summer be sent up the Baltic.

April 17. By Letters from Petersburg we learn, that the Empress of Russia had given Orders, that five English Ships which wintered in that Port should be unloaded, and converted into Transports for her Majesty's Use.

We have Advice from Mecklemburgh, that the Prussian Troops who entered the Town of Schwerin, immediately seized upon the Cannon, and ordered the same to be carried off; it is added, that they obliged a considerable Number of the Mecklemburghers who were able bodied Men, to assist them for the Service of his Prussian Majesty, and that it was expected his Prussian Majesty, for his own proper Security, would, in a short Time, wholly possess himself of the Dutchy of Mecklemburgh.

It is said that the French owe very considerable Sums of Money to the Dutch, and at present there is very little Sign of their ever being paid.

Westminster, April 5. This Day the royal Assent was given to an Act for granting to his Majesty a Subsidy of Poundage upon certain Goods and Merchandizes to be imported into this Kingdom, and an additional inland Duty on Coffee and Chocolate; and for raising the Sum of Six Millions, Six Hundred Thousand Pounds, by way of Annuities and a Lottery, to be charged on the said Subsidy, and additional inland Duty.

Chatham, April 16. Last Saturday was launched his Majesty's Ship Sandwich, of 90 Guns, an exceeding fine Ship, being finished after a new Taste, and is the largest of that Rate that has ever been built, and can carry 96 Guns, having Ports for as many.

Admiralty-Office, April 16. On the 3d Instant, his Majesty's Ships Deptford, and Brilliant, fell in with a Privateer Snow belonging to Dunkirk, which the Brilliant took; she is called the Marquis de Barail, commanded by Godefray Bachelier, mounted 14 Guns, with 104 Men, and is carried into Kinsale.

Capt. Duff, of his Majesty's Ship Rochester, gives an Account, that on the 8th Instant, in the Morning, he gave Chace to a Cutter, and in the Afternoon she got within some Sands, where the Rochester could not follow her; but the Grace Cutter, assisted by the Rochester's Boats, took her; she is called the Carilloneur, belonging to Dunkirk, carried 8 Guns, and 60 Men, Capt. Duff has sent her to the Downs.

From WILLIAMSON'S LIVERPOOL ADVERTISER.

March 23. Capt. James Bennet, of the Phœbe, from S. Carolina, arrived last Sunday, acquaints us, that on the 20th of February, in Lat. 40. Lon. 39. they fell in with the Wreck of a large Vessel, which appeared to have been lately foundered, there were two large Masts standing above ten Foot above the Water. The Phœbe past with a violent Gale the Night before, and had nearly passed the same Fate as this Wreck.

March 26. Captain John Pearce, of the Ship Lyme from South-Carolina, on the 23d of Feb. in Lat. 35. spoke with a Ship about 140 Tons from New-York to London; they had been taken by a Bayonne Privateer in Lat. 46. and ransomed. They understood the Commander's Name to be Arthur Forbes, but as it blew fresh at S. E. they could not hear any more Particulars. The Morning after, about One, the Gale at S. E. encreased that they were obliged to lie to under a reefed Main-sail split up to the Head, which they luckily saved, and then laid her to under a ballanced Mizen. At Half past Seven they ships a Sea which stove in her starboard Waist down to the Deck, broke the Long-Boat's Gripes, stove her and washed her upon the Lee-Guns, at the same Time the Cook's Hearth, a Kedge-Anchor, and some of the starboard Guns were thrown to Leeward, and all her Weather-Guns bodies loose; Lawrence Delany the Ship's Cook was killed, and three more of the Crew ill Hurt. About Twelve they had thrown overboard 10 Carriage Guns Four-Pounders, most of the Cannon-Shot, the Long-Boat, Yaul, and all the Lumber on Deck, and began to throw overboard all the Rice she had between Decks except two Casks, in order to lighten the Ship, as both her Pumps could not keep her free; the Wind shifting into the N. E. Quarter, and the Gale abating, they secured her Gunnels, &c. on Monday the 26th. On Saturday last they met with a second Gale off Butterhill and ships a Sea which stove in her Dead-Lights, &c. but did no other Damage than filling her Cabbin full of Water, &c.

CHARLESTOWN (*in South-Carolina*) *June* 13.

Mr. John Cathey, at Catawba River, informs us, that on the 30th ult. about ten Miles from his House, a Party of Cherokees surprised and carried off eight Catawbas, and that a strong Party of their Indians, with a Number of white Men, had set out in Pursuit of the Cherokees, just as he was coming off.

A Gentleman arrived from Turk's-Island informs us that the Oliver Cromwell Privateer of New-York, Capt. John Nicoll, was lost about the latter End of April on the Grand Caicos. The Crew, all the Guns, Sails, Rigging, &c. were saved. About the same Time a large Ship from Philadelphia, for Jamaica, laden with Bread, Flour and Pork, was lost near the Caicos, on a Place called Philips's-Reef. Capt. Williams of Bermuda had got up most of the Flour, and was sailed for that Island with the Crew of the Ship, and Col. Beckford of Jamaica, who was a Passenger from Philadelphia. It was expected the Rest of the Cargo would likewise be got up.

BOSTON, *June* 11.

Last Night Capt. Doubleday arrived here in ten Days from Louisburg, who informs, That before he sailed a large French Ship from France, laden with all Sorts of Stores, and a great Quantity of Bombs, bound to Quebec, was shot to Pieces by Admiral Durell's Squadron, who still continued cruising at the Entrance of the River St. Lawrence.—The Captains of the French Ship gave out, that five Sail of French Men of War might be expected to leave the Harbour of Louisburg, as she came out in Company with them.—That all the Troops at Louisburg who are going on the Expedition, were embarking on board the Transports, and every Thing getting in Readiness.—And that Admiral Saunders was to sail with the whole Fleet in a few Days.

Extract of a Letter from Bexley (in this Province) dated the 24th *ult.*

"We had a very threatning Alarm on the 12th of this Month, about 10 o'Clock in the Forenoon, which came from the North-West, and proceeded to the South-East. The Noise resembled the regular Discharge of three small Cannon; after which, a Sound was heard, like the Beating of a Number of Drums, which continued for the Space of 8 Minutes, as near as I can judge. I am informed, the same was heard through great Part of the Country.

On Thursday last began, and continued till the next Day towards Evening, the severest N. E. Storm of Wind and Rain, that has been known for many Years at this Season of the Year. The Damage done by it that we have already heard of is, that almost all the Shipping at Salem and Marblehead are drove ashore; a Schooner belonging to Mr. Cottle, of Newbury, ashore on Plumb-Island, a Sloop belonging to which, was knocked overboard by the Boom the Day before, and drowned, the Vessel misling Stays; a Sloop belonging to this Port ashore on Squam Beach; another from Maryland ashore at Marshfield; Capt. English from Carolina ashore at Plymouth; and another, some say from Connecticut, ashore from Philadelphia, ashore at Cape-Cod; and all the People drowned; and a fishing Boat that just got out of Marblehead, with 6 People on board overset, 5 of whom were drowned, the other is not like to live; as the Wind was at N. E. little or no Damage was done to the Shipping in this Harbour, but we are in Pain to hear from the Fleet which sailed from hence for Louisburg four Days before this Storm; several Gentlemen in this Town are almost ruined, and a great many Fences blown down; and in the Country, a great Number of Trees were torn up by the Roots, and some of 12 Inches or a Foot thick, broke off a Foot above the Ground.

NEW-YORK, May 29.

His Excellency General Amherst, Captain Gideon Scott, arrived at Albany from Oswego, the 17th Inst. in 20 Days. Major Gladwin, with 1000 more, for Detroit, are daily expected here, to proceed thither.

Friday last arrived here Captain Mitchell, formerly a Sea-Officer, from Virginia, and from Jamaica, and brought the Mail, but no News of Note is yet arrived to our Port.

Mr. Johnson, late Lieutenant of the Privateer Sloop Prince George, of this Port, taken by a French Man of War some Time ago, under Pretence of his Ship's not having Letters of Marque, is arrived in this City, he left France the 20th of March last, with 633 more English Prisoners, amongst whom were Capt. Chambers of this Port, and Capt. Hicks of Rhode-Island.—Mr. Johnson says, the French in Six Months are very apprehensive of another Visit from the English, and in order to oppose them, a Camp for 15000 Men was formed, and that Men from all Parts of France were marching thither. He likewise says, that many of the French Privateers have been taken into the King's Service, and that 250 Sail of Merchantmen have lately sailed from the different Ports of France, for Canada & the W. Indies.

The St. George, Johnston, from this Port, bound to London, with Invalids, is taken by a French Letter of Marque, and carried into Harve de Grace.

Last Friday an Express arrived here from Fort-Edward; and the same Day was dispatched with a Packet for England, brought by Capt. Bennett, to his Excellency General Amherst.

By several Letters from the Eastward we are informed, that Admiral Durell, with his Squadron, had got up the River St. Lawrence to within 25 or 30 Leagues of Quebec; and had landed a large Body of Troops at a very narrow and important Passage in the River, where they destroyed a Village; and that they were fortifying the Place with the utmost Expedition.—Admiral Saunders, with the main Body of the Troops, are hope, has been able to proceed up that River, as he was to sail from Louisbourg on the 6th Instant, and as the River is generally pretty clear of Ice by the latter End of May.

Extract of a Letter from Boston, dated June 11.

"We have Advices this Day from Lisbon, down to the 30th of April; the King of Spain is still living, and may live a good while. They had a Rumour at Lisbon, of an Alliance between France, the Empress Queen, King of Sardinia, and King of Prussia; but this does not seem to come authentic; they also wrote of a great Advantage gained by Prince Ferdinand, wherein he had destroyed three whole Regiments; That the Warrior had taken a French East-Indiaman outward-bound, and the Achilles, a 60 Gun Ship lately built. This Letter seems a Confirmation of the Account Lord Colvil brought to Louisburg. The Men of War and Troops there, are all ready to sail, consisting of 16,000 Men in high Spirits.

Extract of a Letter from Albany, dated June 10.

"That about the 5th Instant, two of our Batteaux were attacked in their Way to the Mohawk's River, by a Party of the Enemy, and the following Persons were killed and scalped, viz. Messrs. John and Daniel Lewis, Samuel Antis, Jacobus Cromwell, Jacobus Dingman, and Ensign Shurtleff. John Orr is missing, and only two that were in the Batteaux escaped. The Enemy also killed and scalped Mr. Barnes, with a Party of Provincials that were in them. The same Party, a Day or two after, scalped a Woman, and carried off a Child and a Servant that were in Company, between Fort Johnson and Schenectady. By the Wampum found on the Spot, 'tis supposed they were Indians, though in great Army. Sir William Johnson, we hear, goes up the Mohawk's River, and is to meet a vast Body of Indians, from far remote Nations, who assemble at certain Places, before they take up the Hatchet against the French."

Advices from the Mohawk's River by the last Post, say, That our Troops and Provisions, under General Bradstreet, were got safe to the Wood Creek the 5th Instant, and that they expected to embark from thence for Fort Stanwix in a Day or two afterwards.—That they were in want of Horses & Sleds, when some Indians came to them from the Ohio and Wood-Creek: That the Indians from 400 to the Number of 600, and that Sir William Johnson was expected to join the General at or the 10th Day, with a large Body of Mohawks; and when at Fort Stanwix, by several more Tribes, to make up 400, but, when at Oswego, he expected 700 more; that the Success above already joined Johnson, which Father obtained leave to build Wagons, and with his Troops found himself among them, and kept them to the Enemy's Interest: That they had fine Work to go through, it would require two up-hill and down hill, where he should; That another Party were removed from Oswego, and some returned their Brethren to return home, as they were no Part in this Dispute, whereupon they should fight them as Men; That they fought off with them, (though not all returned) one Soldier Prisoner: That another Party was returned from Crown-Point, and had brought in with them 3 French Prisoners, who reported, that the Fleet of Flyers, with Provisions only, were arrived at Quebec, and that 15 other Sail were taken in their Passage by the Fleet of Ships: That only Battalions, 700 Canadians, and 350 Indians, were at Carillon, when Ma-Millon about ago Men, who reported they expect many Indians: That Montreal, Levy, had been at Point au Fevre, Jervoise Contrecœur and Ogdensburgh; which a considerable Body of Men, but that by some Accounts, which came last to Quebec, almost more than Vessels on the Lake, mounting 6 Guns each, and were building two more: That there were very few Men between Fort Frontenac and Montreal, which Orders were on the Appearance of the English to destroy immediately, they could not take with them, and to retire immediately back to Montreal: That this Mr. Haverstraw's come with the First from Presque, and had brought, as the Prisoners say, a Flag of Cessation to St. Louis.

"We hear the New-York Regiment is under General Webb, and that the Royal Scots and Forty-Second Provincials are gone to the Eastward, in order to join Admiral Durell, so to proceed to Lake Champlain and Canada."

There died the Beginning of last December, at Smith-Town, in Suffolk County, on Long-Island, a Negro Man, named Harry, belonging to Capt. Richard Smith of that Town, of a very great Age: His Age cannot be exactly determined; but it may be supposed to be 170, that he was not less than One Hundred and Twenty Years old when he died. He remembered to Wedding Day; Work last than Ten Years ago, when he was 160 Years of Age. He was purchased at New-York, by Mr.

Richard Smith, the 1st Proprietor of Smith-Town, and accompanied him to his Country-Seat, there Capt.
